ONE INDIA:

On the eve of Republic day Siddhartha Academy organized an “One India” event at PB Siddhartha Arts College

On the first day of the seminar speeches were delivered by chief guest and guest of honor followed by speech by IAS, Sri. Sashibushan Kumar, Secretary, Water Resource Dept. Forenoon session was continued by key note papers presented by various reputed persons from government and non-government organizations

On the second day of the seminar the key note papers were presented and then in the afternoon session the panel discussion was held by the chief guest along with other dignitaries and discussed and concluded about the important points noted in the seminar.

National Seminar on Conjunctive Use of Surface Water and Groundwater in Major and Medium Irrigation Projects:

The different and complementary characteristics and behavior of surface water and groundwater make it possible to solve specific needs of water quantity and quality more adequately and economically than if both resources were used separately. At present average utilization in major command areas in Andhra Pradesh is of the order 20-25%. With this in mind government of Andhra Pradesh organized a two day National Seminar on “Conjunctive Use of Surface Water and Groundwater in Major and Medium Irrigation Projects” in collaboration with Velagapudi Ramakrishna Siddhartha Engineering College on 11th and 12th February 2016. Sri. Prathipati Pullarao, Minister for Agriculture Processing, Marketing and Warehousing, Animal husbandry and fisheries Govt. of AP acted as the Chief guest for the seminar. Sri. Devineni Uma Maheswara Rao, Minister for water resources, Govt. of AP is the guest of honor. Venue of this event is held at PB Siddhartha Arts college, Mogalrajpuram, Vijayawada. Sri. Adityanadh Das, IAS, Principal Secretary, Water Resources Department, Govt. of AP presided the seminar.
