Webinar on “Is Nano Science the Future”

Department of EIE has organized a webinar on “Is Nano Science the Future” on 26th May 2020 in association with Mr.Murali Duggina graduate student of NSME, University of New Mexico, Albuquerque, NM, USA. The main objective of the webinar is to provide the students (2/4B.tech, EIE) an interactive session with Mr.Murali Duggina who is the winner of Engineering expo-V (2019) held at NSME, UNM. Around 50 students have participated and actively interacted in this session. The webinar has covered insights of Nano-science and Microsystems (Material Science).The major topics of this webinar are Bio Materials, MEMS, Synthesis, Characterization tools, Physics and Chemistry at nanoscale, etc. This event was co-ordinated by Mrs. A. Sumalatha.

Training Program on “NI LabVIEW Core-I and Core-II”

A one-week training program with the resource person Mrs. Ch. Jayalakshmi, Asst. Professor, EIE, VRSEC on “NI LabVIEW Core-I and Core-II” was organized from 16th to 21st March 2020 by Department of Electronics and Instrumentation Engineering. This program is aimed to provide the hands-on training on development of applications using LabVIEW software for 2/4 B.Tech. students as part of the NI Academy program. Total number of participants was 110. This program was co-ordinated by Mr. V N Prudhvi Raj.

Industry Institute Interaction Programme

An “**Industry Institute Interaction Programme**” was organized by department of EIE, VRSEC on 9th January 2020. The lecture was carried out by the resource person Mr.P.Jitendra Kumar, Managing Director, Entellus IoT Labs Pvt., Ltd., Hyderabad. This Industry Institute Interaction Programme is intended to cover the role of instrumentation engineers in modern industries. The evolution of industrial organizations towards Industry 4.0 poses a set of challenges to the management. The CPS (Cyber-Physical System) interconnection assumes the creation and massive exchange of real-time data originating from the factory floor, gradually flowing to the decision makers. Data management is thus one of the major challenges of Industry 4.0. The resource person exposed the extremely relevant and increasing importance of Industry 4.0 in manufacturing industries for a multitude of reasons which are useful for employment in industries. This event was co-ordinated by Mrs. Ch. Jayalakshmi and Mr.G.Jalalu.

ISOI Student Chapter Events - Bug Busters

Instrument Society of India (ISOI) Student chapter organized a technical event “Bug Busters” for the students of 2/4 B.Tech. EIE to bring awareness among the students about the student chapter. The outcome of the Circuitrix is to apply the brains in concepts of electronics and make use of this platform to bring out the electronic nerd within students. The outcome of the technical quiz is to assess their knowledge level acquired till date in the area of Electronics & Instrumentation basics. This event was conducted on 22nd January 2020. A total of 19 teams (each team 3 members) have been participated in circuitrix event. K.Sabarish, K.Karthik, Y.Vijay are the winners and R.Praneeth, A.D.Prasad and M.D. Venkatesh are the runners for Circuitrix. Dr. G N Swamy, HOD distributed the mementos and certificates to the prize winners.

Instrumentation Day

The ISOI student chapter and department of EIE conducted a motivational talk by Sri P.Jitendra Kumar, Entellus IoT Labs Pvt. Ltd on the eve of Instrumentation day celebrations on 10th January 2020. The objective of this program is to bring awareness about the opportunities in instrumentation. He also shared his experiences about the transformation from student life to an Entrepreneur. He also discussed about the reasons behind success in anybody's life among the students. A thought-provoking discussion was carried out among students followed by a prize distribution ceremony with the invited guest for the winners of various technical events organized by ISOI student chapter and Innovation day. Also, appreciation awards were distributed to students who excelled in sports, Extra and co-curricular activities.

Traditional Day

The ISOI student chapter and department of EIE celebrated the "Traditional Day" to promote "Unity in diversity" which is based on the concept: where the individual or social differences in physical attributes, skin color, castes, creed, cultural and religious practices, etc. are not looked upon as a conflict. Rather, these differences are looked upon as varieties that enrich the society and the nation as a whole. Traditional day was held on the 10th of January 2020 at the college. It was an eventful day. It was observed as a celebration of India's diverse culture. It's a day designated for people to come in traditional attire from their home state, or specific culture of their choice. Students, teachers and non-teaching staff participated with great ecstasy. To make the traditional day more entertaining various interesting events were arranged for the students such as Ethnic wear competition, Free hand Rangoli, Paper Art and Carving. Everyone displayed their various cultures by dressing their best. The atmosphere everywhere was of joy and celebration as from our busy schedule.
