## PCB DESIGN

# CHALLENGE

**LEVEL 1:** Participants are shown a circuit diagram, all the participants should identify the components required to complete the circuit. If all the components are correct, they are promoted to the next level, and if they fail they are eliminated.

**LEVEL 2:** Participants are required to connect the circuit and solder it perfectly. The Soldering must be neat. Participants are required to show the output.

**ELIGIBILITY** | All Branches

**PARTICIPANTS** | Only 1

### RULES AND REGULATIONS:

- All the requirements will be provided.
- The time limit for Level 1 is 5 minutes,
- The time limit Level 2 is 15 minutes.
- Perfection in soldering will also be considered.
