The overall performance of the students in B.Tech programme for VR14 Regulation is indicated by the CGPA on the 10 point scale. The award of class in B.Tech degree is purely based on the CGPA but not on the percentage of marks secured.

The approximate equivalence of marks for VR14 Regulation to a given CGPA is calculated by using the following formulae:

$$\text{Percentage Equivalence of CGPA} = [\text{CGPA} - 0.5] \times 10$$
