

VELAGAPUDI RAMAKRISHNA SIDDHARTHA ENGINEERING COLLEGE

(Sponsored by Siddhartha Academy of General & Technical Education)

An Autonomous Institute
Approved by AICTE, New Delhi
Affiliated to JNTUK, Kakinada
ISO 9001:2015 Certified

About VRSEC

Velagapudi Ramakrishna Siddhartha Engineering College (VRSEC) is sponsored by Siddhartha Academy of General and Technical Education, well known as Siddhartha Academy. VRSEC is the First self-financed Engineering College in a combined state of Andhra Pradesh and Telangana established in the year 1977 and also first private college to offer PG Programmes in engineering in Andhra Pradesh in the year 1998. 42 years of engineering excellence, recognizing our tremendous efforts towards education, UGC has announced Autonomy status to our college in 2006. The college was accredited by NBA in the year 1998 for the first time, and subsequently in 2005, 2009 & 2014. Currently, we offer 7 UG engineering programs, 9 PG engineering programs with an intake of 5000 students per year. 350 full-time teaching faculty are serving, among them 120 faculties have completed their research program (Ph.D.) in India's premier institutions.

VRSEC is rated as platinum institute by confederation of Indian industry in association with AICTE for continuous 3 years from 2017 to 2019. Our college has secured a 156 in all India NIRF ranking given by Ministry of Human Resource Development, Government of India. Our college was placed in Band A (Rank Between 6th – 25th) in ATAL ranking of Institutions on Innovation Achievements, Ministry of Human Resource Development, Government of India

About Department of CSE

Established in the year 1986, the department of CSE offers B.Tech programme in Computer Science and Engineering and one M.Tech Programme in Computer Science and Engineering. The B.Tech program was accredited by NBA of AICTE in 2005, 2008 and 2015. The M.Tech program was accredited by NBA in 2015. The department has a team of highly qualified senior faculty with specializations in core areas of Computer Science and Engineering. The CSE department has been sanctioned projects from various organizations like UGC, AICTE, DST, Dept of Space-NRSC and ADRIN. It has a faculty strength of 46 and an intake of 180 students for UG and 36 for PG programmes. Our students have involved themselves in learning the latest technologies/platforms like PEGA, Azure, Salesforce, AWS, Oracle Java Certifications, CISCO Certifications to widen their job opportunities.

Benefits to Faculty:

- ❖ Understand the fundamentals of moral values and how these can be implemented in their professional lives.
- ❖ Understand how the behaviour and attitude affect ethical values and professional relations.
- ❖ Understand moralistic predicament in terms of real life experiences in the professional environment.
- ❖ Deal with the challenge of framing an effective course outline and tools for professional courses.
- ❖ Make theoretical and practical aspects in moral values and behavioural sciences more appealing to students.

About the Program

Ethics is the most concerning issues now a day. The society is becoming corrupted and youth generations are doing unethical activities randomly. Family plays an important role to make the children ethical, but teacher has a great role too regarding this issue. A teacher can raise the morality of a student by encouraging the ethical practices. Teachers are expected to be fair to all their students and not to take advantage of their position in any way. Ethical dimensions are important in our education system and are in several legislative documents, both with regard to the student and teacher and as well as important for professional performance. The ethical issues are associated with social, spiritual, moral and civic values. And it is the teacher who can give a right direction to the student to raise their morality.

Target Audience for the FDP

The FDP is open to Faculty members (regular/ ad-hoc/ temporary/ guest) from any Indian university/ college and registered Ph. D. research scholars of all disciplines.

Program Coordinator:

Dr. Ch Rupa

Professor, Department of CSE

Note to Participants

- ➔ The registration for this program is free
- ➔ A participation certificate will be issued at the end of the program after successful completion of the program and End Exam.
- ➔ Attendance is mandatory for all the sessions.
- ➔ Sessions are scheduled on both FN & AN on all working days
- ➔ The timings and detailed program schedule will be intimated to the participants directly to their email.
- ➔ The program will be organized through Zoom meeting platform and the link will be shared prior to the commencement of the program

Resource Persons

All the resource persons for this program are drawn from reputed Institutions across our country and have vast experience in delivering talks on this domain.

For Registration

All the interested participants, please provide your details for registration purposes:
