

Report on Guest Lecture on

“Real Time Projects and Implementations in Cyber Security”

Date: 23rd January 2021

CSI Student Chapter

The Department of Computer Science and Engineering has organized a Guest lecture on “**Real Time Projects and Implementations in Cyber Security**” on **23rd January 2021** under **CSI Student Chapter**. A total of **156 students** have attended this Guest lecture from **department of CSE**.

The main objective for organizing this Guest lecture are:

- Provide a good understanding of the fundamental issues and challenges of Cyber Security and Cyber Crimes.
- Be able to understand the implementations of cyber security real-world applications.

The seminar consists of enlightening the students on concepts like Distributed computing, Block chain security, IDS and IPS on IOT devices, Sentiment Analysis, Crime analysis, Social Media Behaviour analysis, SDR and identity tagulation. Cyber Security professionals are in high demand in the industry today and this guest lecture will be helpful for selecting a professional career. Mr B Vinod Babu, Director, RYNA Technologies Pvt Ltd has given consent to act as the resource person for this guest lecture.

Towards the end of the session, the coordinators Dr. M. Sobhana and Dr. P. Ramesh Kumar conveyed their vote of thanks to the speaker who enlightened the students on the scope of projects in Cyber Security and issues in cyber space.
