My dear students,
This is your Placement Officer, Vijay maruti Babu.

I know I am putting you to pressure by pushing too many activities at a time. But remember- Sharper knife cuts better. It takes a lot of grinding for the knife to be sharp.

Exams are on our head - in July meanwhile-

- We have - PEGA Training Going On (18th Jan 2021 onwards)
- Six phrase Training for InfyTQ qualified - going on (08th to 12th June 2020)
- and from today CodeVita Training by Edyst Commenced. (08th June to 03rd June 2020).
- We have our InfyTQ Round 2 on 14th June
- We have an assessment by First naukri on 15th June.
- We have the AP State level Coding Championship in the second half of June.
- We have the AP State level Recruitment Readiness Race (RRR) Registration shall start from tomorrow closing within the second half of June.

Each assessment- each test- should let you know where you are lagging. Top it up and get ready again. This run should get you closure to what is expected by industry and what you aspire for.

Entire College is standing by to help you empower yourself and to settle well in life.
